CONTRACTOR XPRESS NOTICE: SHIPPING, RETURNS, SHIPMENT DAMAGES, PRICES

SHIPPING Orders that are in stock will ship as soon as possible. Any items back-ordered will ship when available unless otherwise instructed. Large items that cannot ship via UPS will ship via a third party carrier and may not qualify for free freight. The carrier selected will be a third party with an affiliation with Aramsco. We prepay and add third party freight charges to your invoice. You may select a carrier of your choice, but you will be responsible for delivery costs directly to the carrier. Aramsco will not be responsible for service failures, charges, insurance or ownership of product using third party carriers.

RETURNS In the event you need to return an item, please contact our customer service department for an authorization number. Returns must be in the original packaging. Returns must be made within 30 days of your purchase. Custom or special order items are not returnable.

SHIPMENT DAMAGES In the event that your shipment is damaged in transit, please report the damage to the carrier driver. Damages should be reported on the freight bill. Keep the original packaging from this shipment.

PRICES All prices are subject to change without prior notice. Buyer will be invoiced at the prices in effect at the time of shipment. All taxes, transportation costs, duties and other charges are in addition to listed prices. Contact Aramsco for current prices and quantity discounts.

Novatek Air Machine, Novair 700, F0700

Remediation, air scrubbing, restoration, healthcare, and clean rooms are only a few applications for the new Novair 700 portable air filtration unit.

- More power: the most powerful impeller driven variable speed adjustment, capable of delivering 200-700 CFM and dramatically increases filter life.
- Versatility: at home in applications ranging from asbestos removal, restoration projects, airborne pathogens and medical uses. The quick-release intake door accepts MERV, carbon, and standard dust filters. Integrated nesting allows for the stacking of multiple machines.
- 16" x 16" x 3" high capacity HEPA filter.
- Low power requirements: Drawing only 3 amps, the 700 can be daisy chained up to three units. The built in GFCI outlets allow for safe and effective operation.

Omni Dry™ Flexidry Wall Drying System

The all new Flexidry makes it faster and easier to dry wall cavities. The Flexidry comes with eight reinforced openings that are spaced 16" apart to match stud cavities. The ¾" hose barbs and rubber hoses are user replaceable and can be customized to fit the particular drying situation.

One Flexidry covers an 8-foot section of wall and you can connect up to five Flexidry's for runs down long hallways or walls. The Flexidry can even bend around corners. The universal cinch-tight opening will accept any centrifugal airmover or E-TES. The cinch-tight opening uses industrial Velcro straps to cinch around the airmover opening, reducing airflow loss and keeping the Flexidry firmly locked in place.

Comes with a convenient carry bag for storage and transportation.

Carbon Pre-Filter for Syclone HEPA 400CFM Negative Air Machine

SYCLONE

The Syclone Carbon Prefilter is the smoke/odor solution you have been looking for. Used in conjunction with the standard filtration in the Syclone HEPA Air Scrubber Sentry X4. The Carbon Prefilter slips snuggly over the first stage filter retaining cage.

Made with premium high VOC adsorbing active carbon bonded to thick multi-density media at a dry carbon weight of 340 GSY. The multi-density design allows increased carbon coating and secondary dirt holding capability.

Unlike other carbon solutions, the filter remains pliable over the life of the filter and won't crack. Moreover, the design allows for a low initial pressure drop, extending the life of the prefilter.
